

Project Summary
Rocky Mountains Cooperative Ecosystem Studies Unit

Project Title: Project Archaeology Electronic Data
Type of Project: Technical Assistance/Education
Project Discipline: Cultural
Funding Agency: BLM
Other Partners/Cooperators:
Effective Dates: February 15, 2006 – June 30, 2007
Funding Amount: \$30,000.00
Investigators and Agency Representative: Thomas Roll, Department of Sociology and Anthropology, Montana State University, 406 994-5609; troll@montana.edu
Project Abstract: Funds will be used to develop an electronic database of archaeological inquiry packets that can be used by educators to teach archaeology and history of their state of region and the need to protect cultural resources. This project will help implement Project Archaeology nationwide while serving local needs and communities. The funds will be used to: <ul style="list-style-type: none">• Research and write the inquiry packets.• Obtain historical photographs and documents and to produce illustrations to demonstrate archaeological concepts and processes.• Support Curriculum writing session for State Coordinators in conjunction with the National Conference, to help develop and localize inquiry packets.• Convert the materials into an interactive electronic format.
Outcomes with completion dates (reports, publications, workshops, videos, etc.):
Keywords: Archaeology, education, cultural resources
