

Project Summary
Rocky Mountains Cooperative Ecosystem Studies Unit

Project Title: Continued Analysis of Issues and Visitor Use on the Upper Missouri River Corridor

Type of Project: Technical Assistance

Funding Agency: BLM

Other Partners/Cooperators:

Effective Dates: 9/24/2001 to 3/31/2004

Funding Amount: \$112,816.00

Investigators and Agency Representative:

Agency: Gary Slagel, BLM- Lewistown FO, Airport Rd. PO Box 1160, Lewistown, MT 59457; 406 538-1950

PI: Neil Moisey and Jim Burchfield, School of Forestry, University of Montana, Missoula, MT 50812; 406 243-6673/6650 moisey@forestry.umt.edu / burch@forestry.umt.edu

Project Abstract:

Objectives:

1. Design and apply monitoring programs that offer timely, accurate, science-based measures of resource and visitor use changes subsequent to management of innovations along the Missouri River corridor
2. Develop, test and evaluate information and communication programs in conjunction with the BLM and other resource management partners in the region; and
3. Provide continued organizational services to the RAC Subgroup on the Upper Missouri River to identify monitoring indicators and thresholds of concern for resource changes.

Outcomes with Completion Dates:

Final Report: March 31, 2004

Keywords: visitor use, monitoring program, Missouri River
