Project Abstract: The intent of this agreement is to provide environmental program support for Dugway Proving Ground in complying with its environmental laws and regulations, specifically Section 106 of the National Historic Preservation Act (36 CFR 800). Dugway Proving Ground requires cultural resources coordination support personnel to work closely with the Dugway Cultural Resources Program Manager to ensure that Dugway meets its cultural resources management responsibilities as assigned by Sections 106 and 110 of the National Historic Preservation Act, as amended.

This research focuses on the following objectives:

- 1) Objective 1: Compliance. Meet installation compliance requirements through coordination with the Cultural Resources Program Manager on Dugway Proving Ground.
- 2) Objective 2: Field Work. As needed, and at the direction of the Dugway Cultural Resource Manager, conduct archaeological inventory of and archaeological site evaluation for determination for eligibility to National Register of Historic Places, analysis of artifacts, and GIS/GPS data collection.
- 3) Objective 3: Report Writing: Synthesize all field, contextual, and analytical information into a draft and final report, including site forms, detailing the results of the investigations.
- 4) Objective 4: Assisting with Consultation: Prepare correspondence for SHPO and Tribal consultation; assist with coordination in Annual Tribal Consultation meeting; assist with consultation meetings with stakeholders and regulatory agencies.
