

Project Summary
Rocky Mountains Cooperative Ecosystem Studies Unit

Project Title: Natural Resources Management Support for U.S. Army Dugway Proving Ground, Utah

Type of Project: Technical Assistance

Project Discipline: Natural

Funding Agency: Department of Defense

Other Partners/Cooperators: Colorado State University

Effective Dates: 9/30/2014 - 9/29/2015

Funding Amount: \$124,881

Investigators and Agency Representative:

Agency:

Investigator: Bob Brozka, Center for Environmental Management of Military Lands, Colorado State University, Fort Collins, CO; (970) 491-7190; Robert.Brozka@ColoState.EDU

Project Abstract:

The Dugway Proving Ground environmental program ensures military mission activities are conducted in compliance with all applicable environmental laws, regulations and policies. The cooperator shall perform all necessary work, supporting Dugway Proving Ground in understanding and meeting its Conservation program goals in accordance with AR 200-1, the Sikes Act, National Fire Policy, the National Environmental Policy Act, and the Endangered Species Act.

In agreement with the above stated goals, the cooperator agrees to provide the necessary personnel, equipment, and materials required to conduct conservation technical support, for the Conservation program at the Dugway Proving Grounds Conservation Branch. The scope of this agreement includes supporting the program manager in various program management duties including, but not limited to include document and survey reviews; present educational class, regulatory review and guidance; review of conservation program and projects; participate in meetings, and general program management support.

Outcomes with completion dates: 9/29/2015
