

Project Summary
Rocky Mountains Cooperative Ecosystem Studies Unit

Project Title: Defining habitat quality for northern grassland birds in Montana

Type of Project: Research

Discipline: Natural Resources

Funding Agency: US Fish and Wildlife Service

Other Partners/Cooperators: Montana State University

Student Involvement:

Effective Dates: 9/30/2016 - 6/30/2019

Funding Amount: \$210,000

Investigators and Agency Representative:

FWS Contact: Greg Watson, USFWS Region 6, PO Box 25486, DFC MS 60100, Denver, CO 80225;
303-236-8155; greg_watson@fws.gov

Investigator: Lance McNew, Montana State University; 406-994-6645;
lance.mcnew@montana.edu

Project Abstract: Montana State University will work collaboratively with the USFWS to conduct various aspects of research to help inform various aspects of grassland bird management for the USFWS, which is vital to maintaining robust populations of species protected by the Migratory Bird Treaty Act.

Keywords: grassland birds, habitat, US Fish and Wildlife Service, Montana State University
