

Project Summary
Rocky Mountains Cooperative Ecosystem Studies Unit

Project Title: Peer Review of Inventory and Monitoring Projects and Technical Assistance to Intermountain Region Parks
Type of Project: Technical Assistance
Funding Agency: National Park Service
Effective Dates: September 21, 2001 - September 30, 2003
Funding Amount: \$10,750
Investigators and Agency Representative: UNIVERSITY CONTACT: Perry Brown, (PI), 406-243-5522 NPS CONTACT: Mike Britten, IMRO, 303-987-6705; Kathy Tonnessen, 406-243-4449
Project Abstract: The University of Montana will provide faculty experts and researchers to participate in peer review of plans and products of the Inventory and Monitoring Program of the National Park Service, Intermountain Region. The NPS will distribute the documents to be peer reviewed and will specify the level of review and the format. Due dates for reviews will be negotiated between the NPS contact person and the University researchers. The University of Montana will provide students and faculty for technical assistance projects requested by the Rocky Mountain Cluster parks. These projects and final reporting requirements will be negotiated between the NPS RM-CESU representative on campus and the UM faculty.
Outcomes with completion dates: Peer review reports; final reports from graduate students/faculty consultants
Keywords: peer review, NPS Inventory and Monitoring Program, Intermountain Region
