

Project Summary
Rocky Mountains Cooperative Ecosystem Studies Unit

Project Title: Archeological Inventory and Site Evaluation for Mechanical Fuels Treatment Projects 2002/2003, Grand Teton National Park
Type of Project: Technical Assistance
Funding Agency: National Park Service, Grand Teton National Park
Effective Dates: August 19, 2002 - April 30, 2003
Funding Amount: \$10,451
Investigators and Agency Representative: UNIVERSITY CONTACT: David Eckles (PI), University of Wyoming, 307-776-5301 NPS CONTACT: Jacquelin St.Clair, Grand Teton National Park, 307-739-3664
Project Abstract: This project is necessary to provide information needed to conduct archeological compliance on proposed fuel reduction projects around the park. The project will involve the inventorying of North Blacktail Butte, NPS Housing area, McCollister Residential Complex, Fabian Ranch, Bar BC Ranch, and the AMK Ranch. All encountered sites will have fully justified National Register of Historic Places statements. The National Park Service will provide a summary of the historic developments in each project area. This project is to be accomplished through the cooperative agreement with the University of Wyoming.
Outcomes with completion dates: Draft of final report for review to be submitted: December 1, 2002. Final report to be submitted: January 31, 2003.
Keywords: Grand Teton National Park, archeological resources, mechanical fuels treatment
