

Project Title: Elwha River Dam Removal Vegetation Studies

Task Agreement #: G19AC00446

Modification(s):

Discipline: Natural

Type of Project: Research

Funding Agency: USGS

Other Partners/Cooperators: Colorado State University

Student Participation:

Effective Dates: 9/25/2019 – 9/24/2020

Funding Amount: \$48,000

Investigators and Agency Representative:

USGS Contact: Patrick Shafroth; shafrothp@usgs.gov

Investigator: Leroy Poff, Colorado State University Fort Collins, CO; poff@lamar.colostate.edu

Project Abstract: The goal of this research is to manage, analyze, and present results of field and remotely-sensed data from the two former reservoirs and the delta/estuary system on the Elwha River. This work will increase knowledge of how vegetation responds to large dam removal.
