Course Website

MOODLE [UM Online](#). When you log-in to Moodle, you will be able to find and access our course website (WILD 180 – Careers in Wildlife Biology). There is an online Moodle 101 course to assist you in learning the basics of navigating and using Moodle.

Textbook/Readings:

- Reading to be posted through Moodle.

Lecture Schedule and Classroom Learning Environment:

A lecture will be delivered each class period by the professor, teaching assistant, or a guest lecturer. Lectures will be recorded. Lectures will be based on a Powerpoint presentation, which will be made available to students after the lecture via the course website. **Students may be quizzed on all information contained within Powerpoint presentations and any other information presented during lectures.** Class periods will also include small group discussions facilitated by the Teaching Assistant and Learning Assistants. The purpose of these discussions is to enhance classroom learning by providing students the opportunity to engage with their peers in dialogue on the topics covered in class. **To allow time for quality classroom discussions, not all material contained within Powerpoint presentations will be formally presented during class time.** Thus, students will need to study all material contained within Powerpoint presentations for each quiz, regardless of whether the given material was specifically presented during class.

The quiz will focus heavily on course material presented in lectures and associated Powerpoint presentations, but may also include material associated with assignments and assigned readings.

Assignments

There will be three **MAJOR** assignments made throughout the Course to enhance your learning of the course material. **You will be expected to complete the assignments outside of class and submit them through Moodle on or before the assigned due date. In the event you encounter a problem uploading your assignment to Moodle, you may email the assignment to the instructors. Assignments turned in within 1 week after the due date will be deducted 50% accordingly. Assignments will not be accepted >1 week past the due date.**

Course Grade

This class is offered for traditional letter grade only (A, A-, B+, B, B-, C+, C, C-, D+, D, D-, F).

Attendance Policy

Students are expected to attend all class meetings. **Missing more than 2 classes will result in a 5% total grade deduction and missing 3 will be a 10%. More than 4 unexcused absences can result in failure.** Attendance is mandatory; your desire to learn and do well in the Course will dictate your presence. Students are individually responsible for all information presented in lectures, guest lectures, assigned readings, on the Course Moodle website, and class assignments. It is especially important that you are present for exams. In the case of medical or other emergencies (e.g., legitimate, planned absences), I will work with the student individually in terms of rescheduling an exam time. Formal documentation will be required for legitimate emergencies that require a student to miss an exam.

Email Example

Subject Line: WILD 370 Question on next week's assignment.

Hello Dr. Gomez,

I am a student in your Wildlife Habitat course. I have a question about the report due next Thursday and I was not able to find the answer on the assignment. Should our report draw only on readings listed on the syllabus or can I incorporate scholarly articles I read on my own, as long as it fits with the subject of the assignment?

Best,
Juana Ramirez

1. In Outlook Calendar, select New Appointment.
2. If you want, select Invite Attendees to add people and make your appointment a meeting.
3. Add people in the To field, and then enter a Subject, Location, Start time and End time.
4. Select Scheduling Assistant to check the availability for attendees.
5. Select Send to send the meeting invitation.

Academic Dishonesty

All students must practice academic honesty. Academic misconduct is subject to an academic penalty by the course instructor and/or a disciplinary sanction by the University. All students need to be familiar with the [Student Conduct Code](#). Plagiarism qualifies as academic misconduct. Students often misunderstand plagiarism, particularly when reporting information from the web or other digital sources. Anytime you extract information from another source for an assignment or paper, it is critical that you cite your source. If you report text verbatim, you must place the text in quotes and cite the source accordingly. We are less concerned with the format of your citations at this point than the fact that you attempt to appropriately reference the source.

ZOOM – Student Online Classroom Etiquette

- **Cameras should be on**
- **Do not record and post Zoom to social media.** Lecturer material is the property of the instructor.

- **No Zoom pranks!** They are distracting to the learning process.
- Try to log into your class or meeting from a distraction-free, quiet environment.
- Please keep your audio on **mute** until you want to speak. This will help to limit background noise.
- Consider using headphones with an external mic for best hearing and speaking capabilities.
- **Close unneeded applications** on your computer to optimize the video quality.
- If you would like to speak or answer a question, use the **"Raise Hand"** feature. **Then unmute yourself after your teacher calls on you.**
- When you are speaking, let others know that you are finished by saying something like, "That's all," or "I'm done," or "Thank you," so that everyone knows you have finished your comments.
- If you would like to use the **chatbox**, **remember that it is public**, and a record of the chat is kept and archived, **even in the breakout rooms.**
- Keep paper and a pen or pencil handy to take notes.
- Be mindful of your background lighting. If you are sitting with your back to a window, you may be silhouetted by the light coming through.
- Please take care of your personal needs (appropriate dress, basic hygiene, eating, chewing gum, talking to others in your home, etc.) before entering a Zoom classroom.
- Please do not use profanity or inappropriate language.
- Pets are allowed to make appearances.
